Miss Bertie Woodward, who has been the guest of Miss Carrie Martin Sweeney of Forest avenue, returned to her home in Mt. Olivet yesterday.

As soon as the soldiers of the State Militia who did service at the Capitol at Frankfort during the Goebel troubles of 1900 prove their claims, they will be paid by Adjutant General Johnston.

Rev. J. M. Evans returned to his home Monday from Herald, Breathitt county, the seat of Highland College, having preached twice a day for fifteen days and made over one hundred visits. There were fifty-one additions to the Church, many of them heads of families. The work was begun here three years ago. There was not a Church nor schoolhouse in the community. There are now five buildings—dormitory, College building, boarding-house and two adjacent dormitories, one for poor boys and one for girls, where they do their own work. In all seventy can be accommodated. In forty-six years' preaching Mr. Evans has never known better order at Church or while coming to or returning from Church.

CADY.

Born, Friday, October 28th, to the wife of Rev. W. R. Cady of Coldwater, Mich., a bouncing boy—Walter R. as Cady. Mr. and Mrs. Cady were formerly of this city, where they have many relatives and friends.

Our Colored Citizens.

The members of Congo River Tabernacle Lodge No. 80 are requested to meet at their hall at 3 o'clock Thursday afternoon, and the Mite Society will meet Friday evening at Mrs. Amelia Aykes', 121 West Third street.

SWEPT BY FIRE

Millersburg Blaze Destroys \$150,000 Worth of Property—L. and N. Depot, Tobacco and Warehouses and 15 Dwellings

Most of the business section of Millersburg burned yesterday, the loss being close to \$150,000. The fire originated in a commission house from sparks from a railroad engine in a switching yard nearby. The Paris fire company and firemen from Carlisle were rushed to Millersburg on special trains and saved the town. Three large tobacco warehouses containing over a million pounds of tobacco were consumed. The L. and N. Depot and the Colored Methodist Church were also destroyed. The flames reached "Georgetown," a Negro settlement, and caused much damage.

About 700,000 pounds of tobacco belonging to the 1909 pool was destroyed, along with the three warehouses from the Hutchcraft building.

In all, over 20 buildings were burned, 15 of them being Negro dwellings, the latter being misnamed, but all other property was covered by policies.

**"Lame
Leg
Well"**

"I wish to say that I have used Sloan's Liniment on a lame leg that has given me much trouble for six months. It was so bad that I couldn't walk sometimes for a week. I tried doctors' medicine and had a rubber bandage for my leg, and bought everything that I heard of, but they all did me no good, until at last I was persuaded to try Sloan's Liniment. The first application helped it, and in two weeks my leg was well."—A. L. HUNTER, of Hunter, Ala.

Good for Athletes.

Mr. K. GILMAN, instructor of athletics, 417 Warren St., Roxbury, Mass., says:—"I have used

SLOAN'S LINIMENT

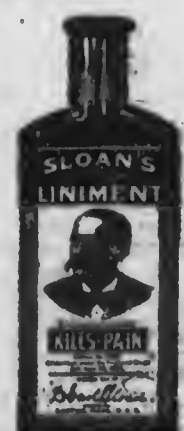

with great success in cases of extreme fatigue after physical exertion, when an ordinary rub-down would not make any impression."

Sloan's Liniment has no equal as a remedy for Rheumatism, Neuralgia or any pain or stiffness in the muscles or joints.

POOL OFFICIALLY OFF

At Lexington, following a unanimous vote by the District Board, President Clarence Lebus formally declared off the 1910 Barley Tobacco Society pool at 10:45 Tuesday night. The concluding incident of the meeting disposing of the 1910 pool undertaking was the adoption of resolutions commending President Lebus and Vice-President Ferguson, followed by several graceful speeches.

In the Fleming Circuit Court the past week Mrs. Flora Wastell was granted a divorce from Louis W. Wastell.

PENSION DAY

Friday is pension day and Mr. H. C. Curran will be at Grand Army Hall, Cox Building, where he will promptly and correctly make out widows and soldiers pension vouchers for the small sum of ten cents. Don't forget the place, Grand Army Hall.

AUTO ACCIDENT

Yesterday afternoon Mr. Jack Newell, accompanied by Messrs. James Cullen, Charles Mitchell and Lewis Pelham, were out auto riding, and when near Wedonia quite an accident befell the quartette. Mr. Newell was running the machine and to avoid a collision with a vehicle he applied the breaks and swerved his machine so suddenly as to turn it over. Fortunately no one was hurt other than a few scratches, but the auto, however, did not escape so easily—a punctured tire and other damages was its portion. The machine was new, and we understand it was Mr. Newell's second run.

MRS. KERRILLA LAMB WHITAKER.

Mrs. Kerrilla Lamb Whitaker, relic of the late Judge Emory C. Whitaker, and one of the pioneers of Mason county, died this morning at 7 o'clock at the home of her son, Dr. Emory C. Whitaker, near Washington, after a protracted illness, aged 88 years past.

The deceased was born on a farm March 7th, 1822, which she owned at the time of her death, and was married to Judge Emory C. Whitaker December 22d, 1847, and of the union two children were born, Judge John Lamb Whitaker of this city and Dr. E. C. Whitaker of near Washington.

Mrs. Whitaker was noted for her intellectuality, wonderful retentive memory, and gentle loving Christian spirit. Her mind was clear as a crystal to the last, and she was probably better versed in genealogical affairs of Mason county families than any other person now living.

She was a devoted and loving mother, and exemplary Christian woman, and in her Church relations a void has been created by her demise that will be difficult to fill.

Funeral announcement will be published in tomorrow's paper.

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women. I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman."

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St., North Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

An Expensive Game For You!

If you see a Chair in our store marked \$3 and in another store you see the same chair marked \$1.98, your first conclusion is that the first store is high. Some merchants take advantage of this. They mark a ridiculously low price on things whose prices people can compare while shopping around. Then, on other things they boost the prices unreasonably high. You are misled by this, and you pay too much for the most of your goods. In this store everything is marked at a uniform small profit. Chairs are priced this way.

**Today's
Short Sermon**

"Alcohol Not a Food or Medicine, But Always a Poison," was the title of a paper read by Dr. Howard A. Kelly, Professor of diseases of women, at the Johns Hopkins Hospital, Baltimore, Md.

He declared that alcohol was non-efficient as a food, and a most condemnable, wasteful substitute. It should be classed as a drug and as a poison, with no rightful position as a medicine. The effects were so pronounced that it should be abolished in the interests of civilization.

He concluded that as one of the human family, no individual member has a right to introduce into the household, or use, for his own pleasure, even moderately, that which may hurt others as well as himself, and act as work and influences that soon pass beyond the hope of controlling.

**For Falling Hair
You Run No Risk When You
Use This Remedy**

I promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity, for a reasonable length of time. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water, and is delicately perfumed. It is a real toilet necessity.

I want you to try Rexall "93" Hair Tonic with my promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices 50c and \$1. Remember, you can obtain Rexall Remedies in this community only at my store—The Rexall Store. Thus, J. Chenoweth, corner Second and Sutton streets.

"We At Times Wonder"

If readers of our home papers don't become somewhat surfeited with clothing advertisements, "conceding they read them." Still, the merchant who does not advertise will lose out in the long run; but he must SHOW and DO what he advertises. "This we always do." In other words, your merchandise must be as much and more of a factor than your reading matter. When customers of all ages come in and want to be shown a Suit or Overcoat like so-and-so bought of you, you have the best ad. possible; "and this is a daily happening in this store." Why? Haven't offered such handkerchief values for a long time. Fine Irish linen beautifully hemstitched with one corner exquisitely embroidered—not with a single flower but with a graceful spray that fills a corner of most generous proportions. Rare values for 25c.

The Old Reliable

Is a name that fitly describes Skinner's satin. The shades are very pretty and the wearing quality is so widely recognized it need not be dwelt upon. Many women use this sturdy satin not only for linings but for petticoats as it will outwear taffeta many times. One yard wide, one dollar a yard.

Redfern Corsets

Why are Redfern Corsets so much more comfortable than others? is a question frequently asked. The answer is, "Whalebone." No substitutes used for economy's sake have the lightness, elasticity, pliability and springiness that make whalebone the ideal corset boning. Be fitted to a Redfern, wear it according to directions and see how comfortable you are, how your figure is improved, what an air of distinction is given your gown. Prices \$4, \$5, \$6—and they are cheaper than corsets that cost a fourth less because Redfern means comfort, style and long wear.

The "Unusual" in Silk Waists

Taffeta and Messaline in black, navy and brown, with just enough trimming or hand embroidery to give them style. They are beautiful and unusual waists for \$6.90. Some black China silk tucked waists at \$2.98 may also be included in the unusual category, as they are certainly remarkable values.

THRILLING ACCIDENT

Blind Horse Attached to Buggy Takes Nerve Racking Tumble—Marvelous Escape of Mrs. Ida Crosby

There was an accident in West Fourth street yesterday about 12:30 that curdled the blood of those who were unwilling witnesses of the thrilling scene. The vacant lot between the Robert Picklin property and that of Thomas Malone is some ten or twelve feet below the surface of the street and pavement, and the intervening space along the sidewalk is unprotected by either fence or guard rail.

Yesterday Mrs. Ida Crosby, wife of Newton Crosby, residing on the Russell farm, near Clark's Station, came to the city, accompanied by a colored girl. The horse driven to the buggy was blind. Mrs. Crosby drove up to the Malone residence in West Fourth street and alighted, leaving the colored girl in charge of the vehicle. While in conversation with Mrs. Malone the horse started at a noise and made a forward movement, which frightened the girl, and she jumped out. Mrs. Crosby, seeing the danger, attempted to save the horse from going over the embankment by grabbing the lines, but instead of averting the accident all three went over, the animal almost turning a complete somersault, landing under the buggy, while Mrs. Crosby lit on her head and shoulder.

The injured woman was removed to the Malone home, where it was found she had sustained a scalp wound. Her daughter, Miss Mary Crosby, nurse at Wilson Hospital, being informed of her mother's condition, soon appeared on the scene and with the aid of Mr. Thomas Malone escorted her to the Hospital, where it was soon developed that she was more seriously hurt than first thought for, but she is now resting easily.

After the horse was rescued from underneath the buggy he was apparently unharmed, and the buggy besides two broken shafts was slightly damaged.

Children playing in the yard at the time had a narrow and marvelous escape from being caught and crushed by the horse and buggy in the wonderful tumble.

Colonel Fred Bierbower is ill at his home in West Fourth street.

1910 REMEDY, 500c.
The readers of this paper will be pleased to know that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

MAY PROVE FATAL.

When will Maysville People Learn the Importance of It?

Backache is only a simple thing at first. But when you know 'tis from the kidneys; That serious kidney troubles follow; That diabetes, Bright's disease may be the fatal end. You will gladly profit by the following experience.

'Tis the honest statement of a sufferer who was cured.

Thomas Rusk, East Second street, Vanceburg, Ky., says: "I suffered from kidney trouble and inflammation of the bladder for over ten years, some of the attacks being so severe that I really thought I would die. A complete retention of the kidney secretions existed and I called a doctor who drew the secretions from me with an instrument. None but those who have gone through this can imagine the suffering I endured. Some time ago I saw Doan's Kidney Pills advertised and I procured a box. Since using them I have had not had any trouble from my kidneys."

Big Yellow Backs and Other Magazines Must Pay a Cent a Pound Postage

President Taft will recommend that the magazines be required to pay the present rate of one cent a pound on all reading matter, and a much higher rate, to be determined later, on the advertising pages.

Each magazine will be required to send a copy of its current issue to the Postoffice Department each week, or month, as the case may be. There the publication will be dissected. The reading matter and the advertising sections will be separately weighed and the amount of postage computed by the number of magazines sent out.

Newspapers will not be affected.

The average haul of the newspaper is but 300 miles, while the average haul of the magazine is 1,100 miles.

CHRISTIAN CHURCH MEETING

There were four more additions to the Christian Church last evening. The discourse of Dr. Crossfield was on the beautiful theme, "Mother, Home, Heaven." This series of meetings have been the most helpful that have been held in any Church in this city in a long time, and the result will be a great deal of good felt throughout the entire city. The work in connection with the meetings has been conducted in a most systematic manner.

and nothing has been left undone that will make the services the success that was expected. Tonight Rev. Crossfield will preach on "Things That Save." At 6 o'clock in the Sunday-school room of the Church, Dr. Crossfield will deliver his Sunday-school lecture. It is regretted that more of the Sunday-school teachers and workers of the city have not attended this series of lectures. They are very interesting and instructive and brim full of good suggestions. At the evening Church service the Junior Choir, organized by Prof. Stargis, will sing.

Gas Light Talks—No. 45.

City Lighting.

Number nine of Mayor Lee's questions reads as follows: How can you consistently reduce the price of current 33½ per cent. to private consumers and refuse any reduction to your largest consumer, the City of Maysville?

We told you in Talks Numbers 14 and 15 why the rates to private consumers were reduced.

In yesterday's Talk, we told you that we were under contract to supply the city with street lights at a definite rate—\$75 per lamp, per year. Statistics show this rate to be absolutely fair and even low as compared to the rates prevailing in other cities of equal or larger size.

And the service supplied at this rate has given Maysville the reputation among men who know, of being one of the best lighted cities, regardless of size, in this part of the country.

Now, in order to attain this reputation for the city and to meet the demands put upon us by the city, it was necessary for us to invest thousands of dollars in the city lighting system, not only on the original installation, but on the frequent alterations that are necessary to maintain the system in its modern, up-to-date condition.

And this system is available for no other purpose.

It is a system apart and we cannot use the circuit in the day-time to run motors and supply other commercial consumers, as we can shift what is known as the "day load" to other purposes at night.

No just minded person will deny that we are entitled to a fair return on our investment.

Now, each of the 6.6 ampere lamps used by the city consumes 500 watts an hour. The lamps are in service during 4,000 hours a year. Therefore, the annual consumption per lamp is 2,000,000 watts, or 2,000 kilowatts. At \$75 per lamp, per year, this figures out .0375 cents per kilowatt, gross.

For this .0375 cents per kilowatt, we are compelled to pay interest on our investment, to take care of the heavy depreciation, which cannot be divided among many consumers as it is on a commercial circuit; to trim and keep in repair all lamps, to maintain the entire overhead system, to supply the current and to pay taxes.

Therefore, when these charges, together with the manufacturing cost, are deducted from the price paid by the city, you will readily appreciate that, while the city lighting contract is an asset, the value of which we do not underestimate or fail to appreciate, it is not so profitable as an uninformed person might imagine.

As a matter of fact, the rate the city pays is, all things considered, more than 60 per cent. lower than the lowest rate to private consumers. This is an exceedingly fair difference in the city's favor in consideration of its being our largest consumer.
